

Summer 2025 Enrichment Offerings

Aesop's Fables: Explore storytelling through movement, theatre, dance, and music

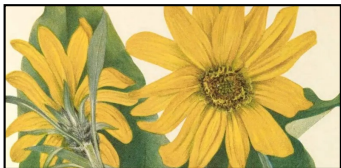

V is the Valley: Discover New England's traditional folk music culture with singer-storyteller Jack DesBois

Shakespeare's Songs: Embark on a concert-lecture tour of the musical world of the Bard's plays

Theatre Workshop: Enter the worlds of Mark Twain, the York Mystery Plays, Chekhov, Shakespeare, and more

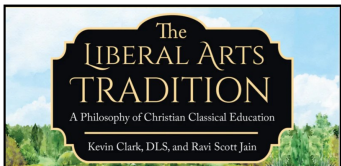

Natural History: Learn about wildlife near and far through books, observation, sketching, and discussion

American Revolution History: Discover the battles and events that shaped our nation 250 years ago

Literature Immersion: Read, discuss, and analyze classic novels and poetry selected for specific age groups, e.g. E.B. White, Louisa May Alcott, Richard Adams, Henry Wadsworth Longfellow

"The Liberal Arts Tradition": *(Book group for parents)*
Read and discuss this book by Kevin Clark and Ravi Scott Jain about classical education

Removing Obstacles to Learning: *(Lecture/presentation for parents)* Understand how common environmental toxins harm health and impair learning

DesBois Tutoring & Enrichment

An educational service for schools and homeschooling families

What Is Educational Enrichment?

We at DesBois Tutoring & Enrichment are beginning to realize that most people have no understanding of what we mean by our enrichment programs. For us, these experiences are integral to a good education and as natural as breathing. They are about creating opportunities and environments that promote vigorous intellectual and artistic activity. They are joyful. They (along with books) are the antidote to screen dependency in an age where students spend more and more of their free time and school hours plugged into nameless, faceless, virtual reality technologies. Through live, in-person performance and participation, we have designed our enrichment programs to encourage students' love of learning for the sake of learning, and to expand their horizons by asking open-ended questions.

Learn more about our enrichment programs through this direct link to our website's enrichment page:

www.desboistutoring.org/v-enrichment

Once there, scroll down and click on the individual program flyers to see videos, photos, and additional information.

## Who We Are

*(Read our complete bios at our website: [www.desboistutoring.org](http://www.desboistutoring.org))*

**Leo DesBois** (Founding Partner, Director, Tutor) attended Glen Urquhart School (GUS; middle school), Belmont Hill School (BHS; high school), and Middlebury College (BA Philosophy). He has seven-plus years of experience tutoring private clients. He also worked for three years at GUS, teaching middle school Humanities and Math, coaching, and substitute teaching for grades K–8.

**Jack DesBois** (Founding Partner, Tutor) attended GUS, BHS, and Middlebury College (BA Music). He has six years' experience teaching performing arts, including musical theater camps for ages 8 to 21 and elementary school Shakespeare programs. Jack develops and presents our enrichment programs.

**Margot DesBois** (Founding Partner, Tutor) attended GUS, Masconomet and Concord Academy (high school), and Middlebury College (BA Biology). She has several years of teaching experience, including running a K–1st grade after-school program, assistant teaching at Shore Country Day School, substitute teaching, and tutoring. She worked for two years as a Science Fellow with the nonprofit Children's Health Defense.

**Andrew DesBois** (Partner, Tutor) attended GUS, BHS, and Middlebury College (BA Biochemistry). He taught high school Chemistry for eight years at Suffield Academy, CT, in addition to advising, coaching, and dorm supervising. Currently (as of spring 2025), Andrew teaches high school Chemistry, Biology, and Environmental Science at Bradford Christian Academy in Bradford, MA.
