# OUR JOURNALS

*Journal of Contemporary Educational Research* is an international, peer-reviewed and open access journal which is to promote the evaluative, integrative, theoretical and methodological research on contemporary education; shape a novel, broader view of issues in contemporary education; enhance the calibre of humanities research through active use of best domestic and foreign practices; and integrate the achievements of various sciences and knowledge areas with unconventional approaches.

All relevant papers are carefully considered, vetted by a distinguished team of international experts, and rapidly published. Original articles, short communications, case studies and comprehensive review articles can be submitted online via the journal's submission and peer review site.

The *Journal of World Architecture* is a peer-reviewed international journal, which offers an avenue for researchers and practitioners to present the latest progress associated with architecture, occupants and related policies. It aims to encourage academic exchange and enhancing professional development in this field.

Topics covered but not limited to:

- Architecture theories and practices of design, technology and construction;
- Impacts of architecture on society, economy and environment;
- Analysis of occupants physically and psychologically and the application of new technologies, materials to meet their needs;
- formulation of public policy as well as organisational structures and networks.

*Proceedings of Anticancer Research* is an international peer-reviewed and open access journal, which is devoted to the rapid publication of high quality original articles, reviews, case reports, short communication and letters on all aspects of experimental and clinical oncology.

Topics covered but not limited to :

- Cellular research and bio-markers
- Identification of bio-targets and agents with novel mechanisms of action
- Preventative and integrated treatment for cancer patients
- Radiation and surgery
- Palliative care
- Patient adherence, quality of life, satisfaction
- Anticancer medicine
